

Hydrant Flushing Schedule for 2019

The following is a schedule of the days the water mains and hydrants will be flushed. Residents will be notified by emergency email and on this website if there is a change in this schedule. All hydrant flushings will occur on Saturdays between the hours of 7:00 AM to 4:00 PM. Please mark these days on your calendar.

- February 9th
- May 18th
- August 17th
- November 16th

It is recommended that you have bottled water available for drinking and cooking. We also advise you have several buckets of water available for flushing toilets and washing hands. We don't recommend doing laundry at this time since the water could be brown and stain your laundry.

In addition, residents with hydrants on their property are asked, if possible, to clear the hydrants of snow so they can be found by the fire department in case of a fire in the area.

Thank you.
